Enrolment Qualifications Guide

Prior Attainment Table

The information shown in the table below provides a guide to the overall attainment level of learners that have achieved various combinations of qualifications. The levels shown do not necessarily coincide with the level at which individual qualifications are set. For example, GCSEs are at level 1/2, but the level of attainment achieved by a learner is dependent on the grade they achieve. Where a learner attains a grade D-G or 1-3 this would be considered a level 1.

Whether a learner's prior attainment is a full level 2 or full level 3 will depend on whether the qualification was defined as a full level 2 or full level 3 when the learner started to study it. This is because the qualifications that have been defined as full level 2 and full level 3 have changed over time. The qualifications listed in the table below are examples of qualifications which may have been full in the past.
